

Sacred Heart School Information 2016

System and Australian Government accountability regulations require that each school reports to its community on school performance in a number of key areas.

CONTEXTUAL INFORMATION	<p>Sacred Heart Primary School is a double stream Catholic co-educational school catering for students from Kindergarten to Year Six. <i>Respect, Reverence, Responsibility and Resilience</i> are central to the vision of the school helping us to integrate faith into our daily life through the school motto 'God is Love'. Sacred Heart offers a holistic education with strong academic, spiritual, physical, artistic and social emotional programs across all year levels. The school community is enhanced through the provision of an Inclusion Support Centre, Early Learning Long Day Care facility catering for children from 2 years of age and Out of School Hours Care. Child centred classroom programs are improved through interactive technology and an emphasis on the attainment of IT skills from the early years. The integration of the Japanese culture within the school is supported through the LOTE program and opportunities for students to experience different forms of learning occur at all year levels. The dedicated and professional staff work in partnership with parents and community members to provide a stimulating and enriching learning experience for all children.</p>

PARENT, STUDENT AND TEACHER SATISFACTION	<p>Parents:</p> <p>Quality Catholic Schooling data has indicated that parents are supportive and appreciative of the initiatives implemented by the school. Community engagement was a highlight throughout the year. The School Board and Parents and Friends Association work hard to ensure the school is well resourced and operating at an optimal level.</p> <p>Students:</p> <p>Students enjoy the day to day programme of the school with the Quality Catholic Schooling data indicating strong engagement and motivation across all year levels. The focus of sustainability and wellbeing through the introduction of the Extended Staff Leadership model has provided a whole school focus in these areas. The Year Six Leadership model has afforded an ideal avenue for students to put their learning into practise as they promote and support staff and students in these diverse initiatives.</p> <p>Teachers:</p> <p>The development of the Strategic Plan 2016 – 2019 afforded staff the opportunity to personally and collectively reflect, discuss and contribute to the future direction of the school. Through Professional Community Meetings, staff have focused on differentiating curriculum for children with varying needs, making teaching intentions explicit to students and parents, developing staff skills in implementing inquiry based learning into classrooms and using staff expertise to share learning across the years. Staff work as a unified team supportive of each other and the students and families in their care.</p>
