Dear Parents

Sacred Heart Primary School students are getting active as part of the Australian Sports Sporting Schools programme.

This programme has been developed to encourage students to increase their physical activity levels and improve skills in a fun, safe and inclusive environment. The Sporting Schools programme provides quality and structured physical activity and sport, after school.

This programme offers a variety of activities to participating students. A diverse and dynamic programme has also been put together for students to enjoy.

Although the program is open to all students, this programme is designed for the student who may not be getting the recommended daily physical exercise that he or she needs to maintain a healthy lifestyle and as such, we would like to encourage students who are less active and who would not normally be involved in physical activity outside of school time to sign up.

There are limited places each term, so students will be selected on a first come, first served basis.
