Dear Parents and Caregivers

We are pleased to share with you Catholic Education Western Australia Limited's (CEWA) new Parent and Carer Code of Conduct, which is accessible via CEWA's Policy Hub – policy.cewa.edu.au.

The Parent and Carer Code of Conduct is reflective of the importance Catholic schools place in our partnership with parents as the first educators of their child. It ensures our communities have a consistent understanding of our shared roles and responsibilities in creating safe, supportive, and welcoming school environments.

Grounded in the Gospel values of respect, honesty, kindness and inclusiveness, the Parent and Carer Code of Conduct sets out clear expectations for all members of our communities, ensuring that Catholic schools remain safe, welcoming and supportive environments for every student.

It solidifies the shared responsibility students, staff, and families all have for student safety and wellbeing, and the importance of respectful engagement and open communication.

We encourage you to take a moment to read the Code carefully. By working together, we can continue to build school communities where every person is valued and respected.

Thank you for your ongoing support for Catholic education in Western Australia.

Yours sincerely
