Education and Care National Regulations 2012- Regulations 102B requires a transport risk assessment to be conducted before our service transports any child. Regulation 102D requires our service to receive written authorisation to transport children. Our service has completed a risk assessment to identify and assess any risks that the transportation of a child may pose to the safety, health and wellbeing of the child. This has been authorised by the Approved Provider and is available to sight at our service. Policies and procedures for transporting children are also available to view. Regular transportation means the transportation by the service or arranged by the service of a child being educated and cared for by the service, where the circumstances relevant to a risk assessment are substantially the same for each occasion on which the child is transported. An authorisation is only required once in a 12-month period.
