

# Sacred Heart School Thornlie

**From the Heart - 28 October 2021**

## Principal's Message

Dear Parents

This week our Interschool Athletics Team has been involved in two days of competition. Mr Bouffler has been busy training the students and they have performed extremely well. The team took out second place overall and was only a few points behind the winning school. See further pages in this newsletter for a full report on the event.

Our school Annual Community Meeting (ACM) is coming up and now is the time that we call for nominations for the School Advisory Council and P&F for 2022. These groups are great ways to become involved and support your school. Attached is a nomination letter and form for the School Advisory Council. Nomination forms for the P&F can be obtained by emailing the P&F [pandf@shthorn.wa.edu.au](mailto:pandf@shthorn.wa.edu.au)<sup>1</sup>. If you are interested please complete them and return to the school by **Friday 5 November**. Our **ACM** will take place on **Wednesday 24 November**.

Whilst we haven't quite had the warm weather yet, it is coming. I would like to remind parents that the school has a procedure that if a child does not have a hat they must remain in undercover areas during play times. All children must also have a water bottle at school that they can fill. This will become increasingly important as the weather warms up.

There has been a slight change to our Term Planner and thus an updated one is included in this newsletter. The **Graduation Mass** has been moved to **Tuesday 7 December at 6.00pm** and the **Thanksgiving Mass** has also been moved to **Tuesday 7 December** and will take place at **9.00am**. Please

ensure you have made these changes in your diaries particularly parents of Year Five and Year Six students.

We have had some worrying behaviour in the carpark recently with students running through areas and not using designated crosswalks. We have spoken to the students but would also ask that as parents you model the correct behaviours by using designated crosswalks and encouraging your children to do the same. Sometimes parents are calling children to their vehicles and expecting them to do that away from crosswalks, this is a most dangerous practice. Please remind your children of this important safety concern.

This week's Parenting Ideas article is about how birth order knowledge can help with parenting. There is free webinar offered as part of this article.

## Parenting Ideas

### How birth order knowledge helps parents

Many parents struggle to make sense of the differences between their children. Same parents, same parenting, same school but completely different interests, strengths and personalities. So what's the difference? The solution can be found in the birth position of each child and understanding how it impacts on how they are raised and their relationship with other family members.

### Defining children by their position

Parents tend to define their children according to their family positions. 'He's my eldest' or 'She is the baby of the family' are descriptors that many parents are familiar with. Expectations generally match those defining descriptions.

Just as relevant is how children see themselves in relation to their siblings. Eldest children are only children for a time, which is a treasured position that comes with perks, privileges and parental anxiety. A second child means dethronement, so the child born first will generally spend a great deal of energy keeping their sibling in their place. And so, the sibling dance begins. You now need family leadership skills to compliment the child-rearing skills you've developed that previously focused on raising one child.

### **Learning that one approach doesn't suit every child**

Many parents discover that the techniques that were so successful with the first child can have the opposite effect another child. Parents who successfully develop independence and self-sufficiency in their eldest child scratch their heads as their youngest child turns dependency into an artform. Children often use their position to get their needs met. Many youngest children become expert at using charm and childishness to manipulate their siblings, while older children may push themselves to get approval from their parents.

Seconds and middle children often experience less time alone with their parents, which may be why this group are more likely to look outside their family for a sense of belonging. They generally have wider friendship circles than first borns and are usually the first child to leave the family nest. And first borns, just love to have their parents to themselves as that was how it used to be. Understanding these birth order differences helps parents to better manage, motivate and communicate with each child.

### **Motivating children**

Want to motivate a child to do their best at school, tidy their bedroom or get behind a good cause? Birth order knowledge provides vital clues to help hit the best motivational button for each child. For instance, it may come as no surprise that youngest children are less concerned with gaining parental approval than their siblings. They just want to be noticed. Making a fuss over their accomplishments can do wonders for the achievement and contribution levels of this group. First borns on the other hand, usually yearn for parental approval, which if not carefully managed can cause them to take fewer learning risks.

### **Managing children's behaviour**

First borns generally don't need a lot of discipline or behaviour management from parents. Limits, boundaries, reasoning and consequences usually do the trick for these rule followers and conformers. But these methods probably won't work with children in other birth order positions. They've had the advantage of having an eldest sibling break their parents in and they've seen most of your management playbook already, so you need to come up with something new.

### **Doing the sibling shuffle**

Sibling rivalry comes with the family territory. It's most intense when there are only two children in a family as it's hard to escape a single sibling. Knowing how to reduce sibling rivalry so it's healthy rather than toxic requires an understanding of birth order personalities, acceptance of individual differences and the ability to build closeness through common purpose, fun and rituals.

### **In closing**

Birth order knowledge is fascinating, providing a rich vein of information to help you raise children to be successful, happy and most importantly, content in their own skins. It's too important to be ignored.

### Luna's Corner

Keep up to date on what Luna has been up to, by checking out her Instagram page [@lunalovesschool](#)

Luna was very brave as she headed off to VetWest for her annual vaccinations and checkup. First she had to sit very still on the big scales where they recorded her weight. Luna is 4.7kg and she is not considered fully grown. Then she met Dr Lu who checked her temperature, teeth and gave her her vaccination to keep her healthy. She got a special treat for being a good girl at the vet's, clever girl!

## Health - First Aid Focus

Last week during our Health lesson, we covered the First Aid Focus Programme. Experienced Community Education Officers from St John Ambulance came in and demonstrated the correct first aid approach to our students in Pre-Primary through to Year 6. The students in the lower, middle and upper classes had an opportunity to practice and rehearse life-saving skills. Our Pre-Primary students learned basic first aid concepts through storytelling and a special appearance from Kura the paramedic bear. At home, you can help make sure your child is aware of what to do in case of an emergency by showing them the emergency call button on your mobile phone when the phone is locked, by downloading the St John First Responder App from the app store and by making sure your child knows your home address.

## Interschool Athletics Results

Earlier this week, a number of students from Years 3 – 6 competed in the annual Inter School Athletics Carnival. The field events were held on Monday and track events happened on Tuesday. We managed to

dodge the rain on both days with minimal students getting wet. We had a lot of students place in their events and receive ribbons for finishing in the top 4. A lot of great sportsmanship was shown from all schools. Ultimately there can be only one winner at the carnival, after leading for most of the day unfortunately Sacred Heart fell just short of 1st place, having to settle for 2nd behind St. Joseph's, who have now won it 7 years in a row!

We had some individual stand outs with a few students receiving champion or runner up champion medals.

I am incredibly proud of our students, especially how they performed and more importantly, how they represented the school. They were one of the best-behaved schools at the carnival across both days which was fantastic to see.

Below are the final standings from the day as well as individual award winners.

Felix	Year 4 Joint Champion Boy
Chase	Year 5 Runner Up Champion Boy
Matilda	Runner Up Champion Girl
Liam	Runner Up Champion Boy

School	Points
St. Joseph's	2150
Sacred Heart	2112
St. Emilie's	1973
Salvado	1645
Xavier	1554
Notre Dame	1542
St. Munchin's	1396
St. Maria Goretti's	1271

## Waste Free Wednesday's

Waste Free Wednesdays have started at Sacred Heart school and will continue for the rest of the term. It was great to see so many children with no or limited packaging in their lunchboxes across all year levels. As of next week there will no bins in the junior and senior quads on a Wednesday so any packaging will be kept in children's lunchboxes and brought back home.

Thank you for all your support in this incentive as we work together to aim for an environmentally friendly and waste efficient school.

### My School Rules Competition

<sup>5</sup><mailto:pandf@shthorn.wa.edu.au>

Our school is one of eight schools participating in The My School Rules Competition. **We ask you to please remember to place any of the shopping docketts from Forest Lakes Forum in the Sacred Heart School box located outside Red Dot at Forest Lakes Forum.**

Alternatively, you may place your shopping docketts in the P&F Box located in the Office, which will be collected and placed in the Sacred Heart School box at Forest Lakes Forum.

The totals of the shopping docketts are tallied during the school term and following school holidays. The school with the biggest improvement in points per enrolled student at the conclusion of the competition period compared to the same period the previous year wins the top prize of \$1,000 in shopping vouchers plus all schools win other minor prizes.

We really do value these shopping vouchers as they pay for many of the items we require during the year to carry out fundraising for our school and so we kindly ask you to please support this competition for the benefit of our school.
